

COAX-D-AE-X

Connecting cable

- Low-noise
- Singled screened
- Electrode connector
- Wire end ferrules
- Integrated semiconductor layer for antistatic protection

description

Single screened cable for connecting pH- and ORP sensors, available in 3, 5 and 10.

technical data

measuring parameter

pH-value 0 .. 14 pH

ambient conditions

ambient temperature -20 .. + 70°C

COAX-D-AE-X

Connecting cable

mechanical construction - panel mounted housing

material PVC

order information

<u>name</u>	<u>description</u>	<u>article number</u>
COAX-D-AE-3	connection cable for pH and ORP sensors, 3 m	44136007K
COAX-D-AE-5	connection cable for pH and ORP sensors, 5 m	44136009K
CoAX-D-AE-10	connection cable for pH and ORP sensors, 10 m	44136011K
