

# TRIAX-D-1-X

Connecting cable

- **Low-noise**
- **Dual screened**
- **Electrode connector**
- **Integrated semiconductor layer for antistatic protection**

## description

Dual screened cable for connecting pH sensors, available in 3 and 5 m.

## technical data

### ambient conditions

ambient temperature -20 .. + 70°C

### mechanical construction - panel mounted housing

material PVC

## order information

<u>name</u>	<u>description</u>	<u>article number</u>
TRIAX-D-1-3	double screened connection cable for pH sensors, 3 m	44136120K
TRIAX-D-1-5	double screened connection cable for pH sensors, 5 m	44136125K
